

Speci Logistics

Capability Statement

Speci Logistics is a healthcare logistics company supporting secure, time-sensitive transport of specimens, pharmacy materials, and related medical deliveries for hospitals, laboratories, clinics, and occupational health programs.

Services

- Specimen pickup and laboratory transport
- Hospital-to-lab and inter-facility courier routes
- Pharmacy logistics and controlled handoff support
- Scheduled recurring pickups and route coverage
- Time-critical medical courier dispatch

Service Area

- Georgia statewide coverage
- Metro and regional route lanes
- Expanded carrier-network coverage by demand

Certifications

- HIPAA Basics Certification (documentation on file)
- Bloodborne Pathogen Certification - OSHA 29 CFR 1910.1030 (documentation on file)

Insurance

- Commercial insurance carrier: State Farm
- Proof of insurance and policy details available upon request

Platform Advantage

Speci Logistics is powered by the SpeciCheck platform for streamlined dispatch, chain-of-custody tracking, and specimen transport coordination.
